Dear Ladies and Gentleman,

The company Baeder-Lackfabrik GmbH & Co. KG, as producer of the foregoing articles, concerning the REACH regulations, is a 'Downstream User'. The products that you purchase from us are, as regarding REACH, not subject to declaration. The chemical materials contained in our products are altogether, either:

- In case of being subject to declaration, already declared by our suppliers.
- Or they fall into the exception rules of REACH attachment V, point 7 (Guidelines for attachment V, Ref. # ECHA-10-G-02-EN)

Furthermore, according to article 33 of the REACH regulation, we are subject to mandatory information towards our customers, if in one of our products a substance of particular high concern (SVHC) is contained in a concentration mass of > 0,1%. At the moment the candidates list includes 209 entries. (Date of download: 23.07.2020;

<http://www.echa.europa.eu/web/guest/candidate-list-table>). We confirm that:

Lackfabrik Bäder GmbH & Co. KG  
Postfach 100125  
73734 Esslingen

Tel.: 0711 381607

Fax: 0711 383092

info@baederlacke.eu

www.baederlacke.eu

Made in Germany

- No substance belonging to the candidates list, contained in our products, exceeds > 0,1% in quantity.
- We are in strict contact with our suppliers and would immediately advise you, in case a raw material belonging to our product would be taken up into the candidates list.
- No dangerous material according to the guidelines of 2015/863/EU (RoHS 3) is contained.

No particular contract is required, as in principle the existing rules should be followed.

With best regards,  
Gernot Pflanze
